Investment of Contributions

(Please refer to the investment guide before completing this section)

I would like all contributions made by and in respect of me to be invested as chosen below. I understand that full details of my investment options are contained in the Investment Guide.

I understand that if I do not select an investment option from A or B below, the Trustees will invest the contributions made by and in respect of me in the Diversified Moderate under the Accumulation Phase and the Pension & Cash Match Fund under the Protection Phase. I understand that full details of this strategy are contained in the Investment Guide.

If you wish to select an investment option, you must choose from either A or B below:

A. Be My Guide

"Lifestyle" is the name given to the Scheme's lifestyle investment strategies. If you use a Lifestyle Investment Strategy, your Retirement Account will aim for growth when you are younger and aim to reduce risk as you approach retirement age. Further details are available in your Investment Guide.

To invest in a Lifestyle Investment Strategy, you must choose **one** Start Point Fund and **one** End Point Fund.

Start Point (Accumulation Phase)

Tick ✓ from 1, 2 or 3 below.
100% of your fund will be invested in this strategy

	Fund Name	Risk Rating	✓
1	Diversified Moderate Fund	UR3	✓
2	Diversified Growth Fund	UR4	
3	Diversified High Growth Fund	UR5	

End Point (Protection Phase)

Determined by technology and based on which fund might best suit how you ultimately are most likely to receive benefits under this scheme

	Fund Name	✓
1	Pension & Cash Match Fund	
2	Cash Lifestyle Fund	✓
3	ARF Lifestyle Fund	

B. Self-Directed Strategy (I'll Decide)

Please invest all of the contributions made by and in respect of me in the following funds in the following proportions.

Please note your proportion as a percentage.

Fund Name	Risk Rating	Percentage

UNIO EMPLOYEE BENEFITS

Additional Voluntary Contributions

Depending on your circumstances you may wish to increase your retirement benefits. Additional Voluntary Contributions (AVCs) provide an opportunity to achieve this by making additional payments to your Retirement Account. You will obtain full income tax relief on your AVCs as long as they do not, when combined with your normal contributions to the Scheme, exceed Revenue limits. The current Revenue limits are set out in the Member Guide.

I hereby authorise my employer to make a deduction, as specified below, from my Salary. This is an Additional Voluntary Contribution to the Scheme and should be invested in the same manner as indicated by me in the section below headed "Investment of Contributions".

I wish to make Additional Voluntary Contributions of: 0 **% of my Salary**

Joining The Scheme

I hereby apply to join the Scheme. I acknowledge receipt of the explanatory literature and I hereby authorise my employer to make the necessary deductions from my Salary for the specific purpose of paying the employee contributions provided for under the Scheme from time to time. Please sign below to confirm your desire to join the Scheme.

Signature Debnath Date 25/07/2003

Data Protection

The information you provide will be held and used by the Employer, the Scheme administrators and the Trustees for the purpose of administering the Scheme as permitted under Data Protection Acts 1988 to 2003 (as amended) or any other legislation or regulations implementing Directive 95/46/EC, the General Data Protection Regulation (GDPR) and any consequential national data protection legislation and including any guidelines, codes of practice or similar circulars issued by the Office of the Data Protection Commissioner, in each case as may be replaced, re-enacted, consolidated, extended, revised or amended from time to time. It may be disclosed to auditors, professional advisors, financial advisors, insurance companies and other organisations in connection with either the administration of the Scheme or any services being provided to you in connection with your benefits under the Scheme. Your PPS number is your Personal Public Service Number. It is a unique identifier for use in transactions with public bodies such as the Revenue Commissioners and the Pensions Authority and is used by Unio Employee Benefits for this purpose.

Data Privacy Notice I confirm I have been informed about the Irish Life Data Privacy Notice and where to find it.

I declare that the answers to the above questions are in every respect true and complete and that this application and declaration shall form the basis of the contracts with Irish Life Assurance plc. I declare that I have applied for membership to the plan to which this Employee application form relates and that specific conditions shall apply as indicated above. I hereby authorise my employer to make the necessary deductions from my salary or wages for the specific purpose of paying the employee contributions detailed earlier in this form until such time as the employer receives notice in writing from me to the contrary.

Benefit Statements & Other Statutory Information under the Pensions Act

You may, if you wish, opt to receive statutory information in respect of your benefits from the Scheme including your annual benefits statement, in electronic form. **Please tick one of the boxes below to indicate your decision.**

If you **wish** to receive this information electronically please tick ✓ the box to indicate your consent ✓

If you **do not wish** to receive this information electronically please tick ✓ the box ✓

DISCLAIMER:
We, Invesco and the Trustees, have made every effort to make sure that the information in this guidance document is correct and accurate. However, it is possible that there may be inaccuracies or omissions. We and anyone who works for us cannot accept any responsibility for any inaccuracies or omissions or for any loss or damage which may result from any inaccuracies or omissions.

retirement benefits

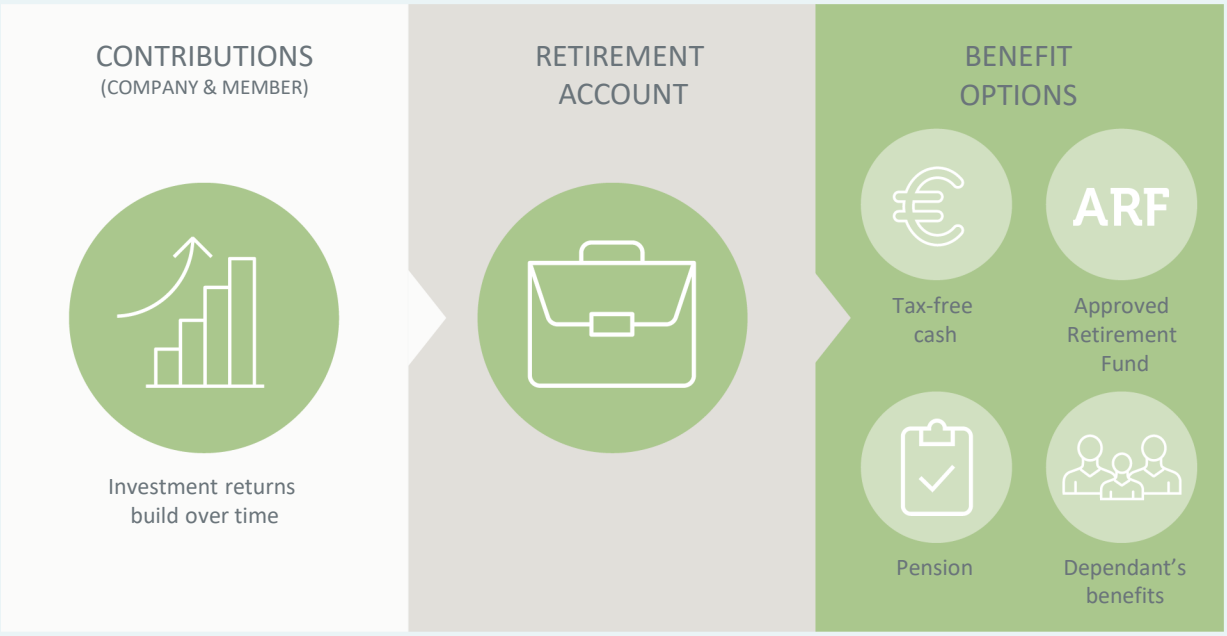
PENSIONS – A BETTER WAY TO SAVE

A pension scheme is simply a way of saving money to help provide a comfortable retirement. For the majority of us, it's regarded as the best way to save for life after work. The Company contributes to your Scheme, and you receive tax relief on your own contributions (if any), making the Scheme a very tax efficient way of saving for your retirement.

The Scheme is designed to be easy and hassle free – contributions are deducted through payroll, tax relief is given at source and if you don't feel like making investment decisions you can allow your contributions to be invested in the Scheme's default investment strategy.

HOW DOES IT WORK?

Your Scheme is a defined contribution scheme. This means that when you retire your benefits will be based on the accumulated value of your Retirement Account. Your Retirement Account is made up of the Company contributions made on your behalf and any contributions that you make/or any additional voluntary contributions that you make to the Scheme, together with any investment return.



retirement benefits (continued)

IT'S YOUR RETIREMENT SCHEME. CHOOSE HOW MUCH OR HOW LITTLE INVOLVEMENT YOU WISH TO HAVE IN THE INVESTMENT DECISIONS.

3 SIMPLE STEPS

1 DECIDE ON YOUR CONTRIBUTIONS

Both you and the Company make regular contributions to your Retirement Account.

You can decide to make extra personal contributions known as Additional Voluntary Contributions.

2 GROW YOUR RETIREMENT ACCOUNT

The value at retirement will be determined by the contributions made and the investment growth achieved.

You can decide how much or how little involvement you wish to have in the investment decisions.

3 CHOOSE YOUR BENEFITS AT RETIREMENT

Benefits may be paid in a number of different ways, including a lump sum and / or recurring income. You do not have to make any decision about your benefits until you retire.

SO WHEN CAN I JOIN FOR RETIREMENT BENEFITS?

All Eligible Employees of the Company will be eligible for retirement benefits on the first day of the month on or after the date you complete an application form and send it to the Maeve Hornibrook. Please refer to the Terms Explained section at the back of this Member Guide for an explanation of "Eligible Employee".

HOW DO I APPLY?

Membership of the Scheme is not a condition of employment. To formalise your membership of the Scheme you must complete an **Application Form**. The Application Form is available from Maeve Hornibrook.

retirement benefits (continued)

CAN I OPT OUT?

As membership of the Scheme is not a condition of your employment you may choose to opt out of the Scheme for retirement benefits if you wish. However, as membership of the Scheme for retirement benefits is an important part of your benefits package you should consider the following before opting out of the Scheme for retirement benefits.

- Make sure you fully understand how the Scheme works and the benefits available to you at retirement as a member;
- Consider talking to a financial advisor;
- If you wish to opt out of the Scheme for retirement benefits please note that your retirement benefits will be affected as no Company or employee contributions will be paid. If you still wish to opt out, please complete the Waiver Form and send it to Maeve Hornibrook.
- Whatever you do, don't rush into anything.

THE SCHEME RULES

This guide provides a summary of your benefit entitlements as a member of the Cadence Design Systems (Ireland) Defined Contribution Pension Scheme (referred to as "the Scheme").

Other more formal documents, such as the Trust Deed and Rules and insurance policies, are the legal basis for your benefits and these can be viewed by giving reasonable notice to Irish Life Corporate Business, the Scheme administrators. If there is a difference between this Member Guide and the provisions of the Trust Deed and Rules or any policy documents, then the Trust Deed and Rules will apply.

You should familiarise yourself with the main provisions of the Scheme and keep this Member Guide in a safe place for future reference. If you have any queries about your benefits, or need clarification on any point, please contact Maeve Hornibrook.

contributions to your scheme

HOW MUCH DO I CONTRIBUTE TO MY RETIREMENT ACCOUNT?

You can set your own contribution level at either 3%, 4%, 5% or 6% of your Salary. That makes things flexible but remember, the more you contribute to your Retirement Account then the more the Company will contribute on your behalf. The Company may vary the rates at which members contribute to the Scheme, subject to notification to members and to the Trustees.

You may choose to change the rate at which you contribute to your Retirement Account on 1 January of each year, or such other date as the Company with the Trustees may agree in any year, by notifying Maeve Hornibrook.

HOW MUCH DOES THE COMPANY CONTRIBUTE TO MY RETIREMENT ACCOUNT?

The Company will make an annual contribution to the Scheme on your behalf as set out in the contribution table below:

YOUR CONTRIBUTION (% OF SALARY)	COMPANY CONTRIBUTION (% OF SALARY)	TOTAL CONTRIBUTION TO YOUR RETIREMENT ACCOUNT (% OF SALARY)
3%	3%	6%
4%	6%	10%
5%	8%	13%
6%	10%	16%

The Company may vary the rates at which it contribute to the Scheme, subject to the notification to members and to the Trustees.

WHAT ABOUT TAX RELIEF?

Subject to current tax legislation, any contribution you make will be eligible for full PAYE income tax relief at your marginal income tax rate. As your contributions will be deducted directly from your pay before tax, tax relief will be automatic.

additional voluntary contributions (AVCs)

You may increase your Retirement Account by paying Additional Voluntary Contributions (referred to as "AVCs"). On retirement you may take all or part of your AVCs as a tax free lump sum (up to the Revenue maximum, which is inclusive of the tax free cash sum you may decide to take under the Scheme). Any AVCs not used to maximise your tax free lump sum may be used to purchase an additional pension, or to invest in an Approved Retirement Fund.

Under current tax legislation the maximum contribution rate – including both AVCs and ordinary employee contributions – on which you can receive PAYE income tax relief is determined by your age as set out below:

Currently the net relevant earnings/remuneration on which tax relief can be claimed is €115,000.

AGE	MAXIMUM CONTRIBUTION (% OF TAXABLE EARNINGS)	MAXIMUM CONTRIBUTION (USING EARNINGS CAP OF €115,000)
Up to 30 years	15%	€17,250
30 to 39 years	20%	€23,000
40 to 49 years	25%	€28,750
50 to 54 years	30%	€34,500
55 to 59 years	35%	€40,250
60 years or over	40%	€46,000

These annual limits apply only to employee pension contributions. Company pension contributions can be paid in addition.

WHAT ARE THE MAIN ADVANTAGES OF MAKING AVCS?

The main advantages of making AVCs include:

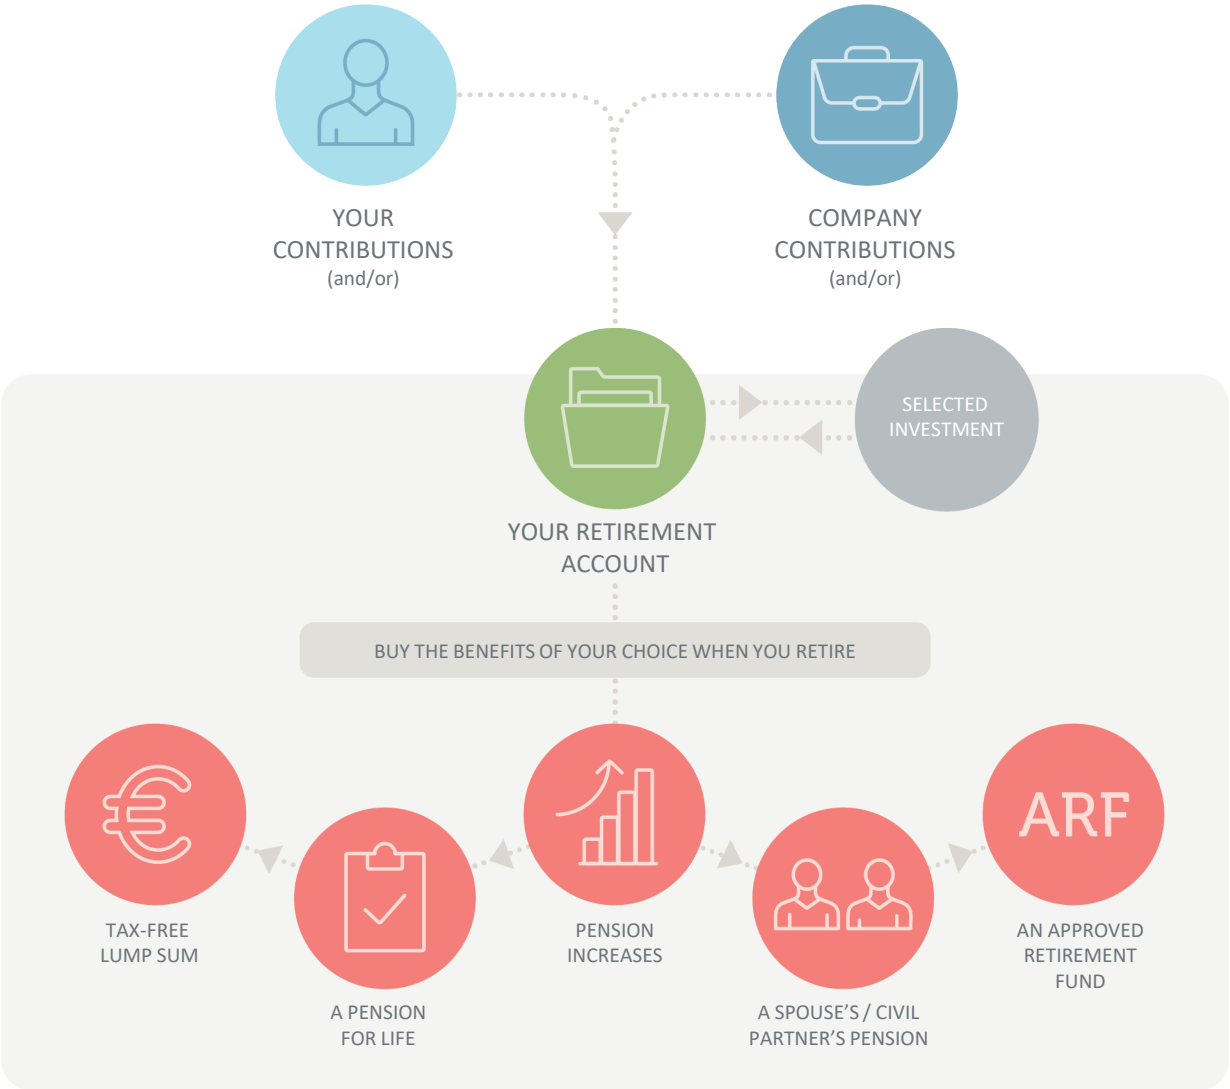
- A tax-efficient long term savings vehicle
- Tax relief on contributions, subject to Revenue limits
- Additional benefits at retirement

WHEN CAN I MAKE ADDITIONAL VOLUNTARY CONTRIBUTIONS?

All Eligible Employees of the Company will have the option of making Additional Voluntary Contributions to the Scheme on joining the company.

benefits at retirement

Your Scheme is designed to provide benefits to you when you retire. The options at retirement are explained in this section.



when can I retire?

In normal circumstances you will retire on your Normal Retirement Date.

With the Company's consent, you may retire early if you are over age 50, or at any time if you are in ill health (subject to satisfactory evidence of ill health). In exceptional circumstances you may, with the Company's consent defer taking your retirement benefits, if for example you remain in the Company's employment after your Normal Retirement Date.

BENEFIT OPTIONS ON RETIREMENT

On retirement, you can decide to use the accumulated value of your Retirement Account to provide one or more of the benefits set out below.

1. A PERSONAL PENSION

This would be paid to you in monthly instalments and will continue for as long as you live.

You have the option of purchasing a pension which may be either a fixed or increasing annual amount and which may be guaranteed to be payable for a minimum period not exceeding 10 years, irrespective of whether or not you survive for that period.

2. RETIREMENT LUMP SUM

You have the option of taking a lump sum when you retire, which is tax free, subject to the limits set by the Revenue Commissioners. (Please refer to the General Information section of this guide for further information). The limit set by the Revenue Commissioners is inclusive of any retained benefits that you may be entitled to under another pension scheme, whether deferred or already in payment.

3. A PENSION FOR YOUR SPOUSE/CIVIL PARTNER/DEPENDANT

In addition to a personal pension you can provide a pension for your spouse, Civil Partner or for another Dependant. This pension would normally commence immediately after your death and be paid for the lifetime of your spouse, Civil Partner or other Dependant.

4. APPROVED RETIREMENT FUND (ARF) OPTIONS

On retirement, instead of, or as well as, buying a personal pension you may invest some or all of your Retirement Account in an Approved Retirement Fund (ARF for short). An ARF is an investment fund in which you can continue to invest your Retirement Account after retirement and from which you can draw an income during your retirement.

death in service benefits

As a member of the Scheme you are entitled to benefits if you die in Service and the benefits are explained in this section.

WHAT BENEFIT IS PAYABLE ON DEATH IN SERVICE BEFORE NORMAL RETIREMENT DATE?

CASH SUM

The amount payable is the value of your Retirement Account.

The Company may be providing additional death in Service benefits to those outlined above through a separate life assurance scheme. Please contact Maeve Hornibrook for further details (if applicable).

It is the responsibility of the Trustees to use the above amount to make provision for your Beneficiaries or to pay the amount to your estate. You can advise them of how you would wish the above amount to be paid by completing the Wishes Form available on request from Maeve Hornibrook. The Wishes form should then be returned to Maeve Hornibrook who will in turn pass it on to the Trustees for safekeeping. Alternatively, you can update your Wishes through your own account on the www.invescoeasysteps.ie online portal. Though legally, your wishes are not binding on the Trustees, they will of course be strongly influenced by them.

WHAT BENEFITS ARE PAYABLE IF I DIE IN SERVICE AFTER NORMAL RETIREMENT DATE?

If, with the permission of the Company, you remain in Service after Normal Retirement Date you will be notified at that time of the benefits you will be entitled to if you die in Service.

TAX & REVENUE LIMITS

Death benefits paid in lump sum form are not subject to income tax but under current legislation benefits paid directly to a Beneficiary other than a spouse or Civil Partner may be liable to Inheritance Tax.

The amount that can be paid on death in Service as a lump sum is subject to a maximum imposed by the Revenue Commissioners. Currently this is 4 times Final Remuneration plus a refund of the value of member's contributions. Any amount in excess of this limit must be paid to Dependants in the form of either an annuity or an investment in an ARF.

Pensions for Dependants are also subject to maximum limits imposed by the Revenue Commissioners. Currently any one of these pensions (or the aggregate of the pensions if more than one is payable) may not exceed the Revenue maximum pension that a member could have received if he had retired on ill health grounds.

investments

Contributions paid into your Retirement Account will be invested in funds chosen by you from a range of funds nominated by the Trustees. More information about your investment options can be found in the Investment Guide which is available on request from Invesco.

DISCLAIMER

While the Trustees and the Company have taken great care in the selection of the investment alternatives, they cannot accept responsibility for any loss that may happen as a result of poor performance of any fund. If the circumstances justify it, the Trustees may switch both existing assets and new contributions to new funds or to a new investment manager operating similar funds. The trust deed and rules governing the Scheme include the usual provision that the Trustees are not liable for any loss that may be incurred due to poor investment returns as a result of the investments made by the trustees or as a result of investments made following directions from members.

CONTRIBUTIONS PAID INTO YOUR RETIREMENT ACCOUNT WILL BE INVESTED IN FUNDS CHOSEN BY YOU FROM A RANGE OF FUNDS NOMINATED BY THE TRUSTEES.

leaving service

As a member of the Scheme you will be entitled to benefits if you leave service before you retire. Your benefits on leaving Service are governed by the Rules of the Scheme and the preservation requirements of the Pensions Act 1990 (as amended). Your options on leaving will depend on whether or not you have more than 2 years' Qualifying Service or are an Outgoing Worker.

QUALIFYING SERVICE	LESS THAN 2 YEARS		MORE THAN 2 YEARS		LESS THAN 2 YEARS AND ARE AN OUTGOING WORKER	
OPTIONS	YOUR CONTRIBUTIONS	EMPLOYER CONTRIBUTIONS	YOUR CONTRIBUTIONS	EMPLOYER CONTRIBUTIONS	YOUR CONTRIBUTIONS	EMPLOYER CONTRIBUTIONS
Transfer to new occupational pension scheme or another Revenue approved pension arrangement	Yes	No	Yes	Yes	Yes	No
Take a refund	Yes	No	No	No	Yes	Yes *
Leave invested in the Scheme	No	No	Yes	Yes	No	No

* Only the value of Company contributions made since 13 September 2019, less tax, is refundable.

Qualifying Service means service completed as a member who is included for retirement benefits:

- In the Scheme;
- In another Company pension scheme; or
- In another pension scheme of an employer other than the Company from which an amount has been transferred into the Scheme on your behalf.

It will exclude any service that you have been notified will not count towards retirement benefits.

leaving service (continued)

WHEN CAN I TAKE A CASH REFUND?

Under the Pensions Act, 1990 you may only receive a refund of the value of your own contributions (if applicable) if you leave having completed less than 2 years' Qualifying Service. If you leave having completed less than 2 years' Qualifying Service and you are an Outgoing Worker, you may receive a refund of the value of your own contributions (if applicable) plus the value of the employer's contributions made in respect of periods of employment falling after 13 September 2019. Tax is deducted from all refunds, currently at the rate of 20%.

TRANSFERS BY THE TRUSTEES

The Trustees may transfer your entitlement under the Scheme to another scheme of the Company, or to a Revenue approved policy or contract of assurance, without your consent in certain circumstances, for example where more than two years have elapsed since you left the employment of the Company and your entitlements are below a certain statutory limit*. You will be notified if the Trustees intend to make such a transfer.

* If you are an Outgoing Worker, your consent will be required in such circumstances. Please refer to the Terms Explained section at the back of this Member Guide for an explanation of "Outgoing Worker".

temporary absence

WHAT HAPPENS TO MY BENEFITS IF I AM TEMPORARILY ABSENT FROM SERVICE?

If you are on statutory minimum maternity leave (currently 26 weeks), or adoptive leave (currently 24 weeks), you will continue to be a member of the Scheme. If you are paid by the Company during this period then you will continue to contribute to the Scheme and the Company will continue to make contributions to the Scheme on your behalf. If you are not paid by the Company during this period then you will not be required to contribute to the Scheme and the Company will not be contributing on your behalf.

If you decide to take additional non-statutory maternity leave or adoptive leave (currently 16 weeks), you will continue to be a member of the Scheme. However, you will not be paid during this period and you will not be required to contribute to the Scheme and the Company will not be making contributions to the Scheme on your behalf.

If you are on any other form of leave you should contact the Company for details of the effects of your leave on your membership of the Scheme.

IF YOU ARE ON STATUTORY MINIMUM MATERNITY LEAVE OR ADOPTIVE LEAVE YOU WILL CONTINUE TO BE A MEMBER OF THE SCHEME.

general

AMENDMENTS AND TERMINATION

The Company has reserved the right to stop contributing to the Scheme. This action would usually result in the Scheme being terminated

Invesco may at any time amend the Invesco Master Trust. The Company, with the consent of the Trustees and Invesco, may amend the Scheme at any time and there are no significant conditions on exercising the amendment power.

In accordance with the requirements of the Pensions Act, 1990 the Trustees will notify you in the event of the amendment or termination of the Scheme.

DISPUTE RESOLUTION PROCEDURE

The Trustees have established an Internal Disputes Resolution Procedure in accordance with the requirements of law for dealing with complaints and disputes. Under the terms of this procedure, if you are a beneficiary or prospective beneficiary under the Scheme and you have a complaint about financial loss caused by maladministration, or a dispute of fact or law in relation to any act done by or on behalf of the persons responsible for administering the Scheme, then you can make an application to the Trustees for a determination in relation to the complaint or dispute. The application can be given to your HR Contact who will pass it on to the Trustees. This application should include your name, date of birth, address, a statement of the nature of the complaint and a detailed explanation of why you are aggrieved. The Trustees may seek further information that they consider relevant.

The Trustees will consider the matter and issue a written determination. Depending on the nature and complexity of the matter under consideration, the Trustees may take up to but no longer than 3 months to issue their determination after all the necessary information has been received. A determination is not binding unless you so agree in writing.

If you are not satisfied with the determination, you can refer the complaint or dispute to the Financial Services and Pensions Ombudsman. There is an initial form that should be used and this can be obtained from The Office of the Financial Services and Pensions Ombudsman, Lincoln House, Lincoln Place, Dublin 2, (01) 567 7000 (info@fspo.ie). If at any time you require further information you can refer to an information booklet produced by the Office of the Financial Services and Pensions Ombudsman which is available at the address mentioned above.

general (continued)

STANDARD FUND THRESHOLD

There is a statutory limit on the capital value of pension benefits that any person can draw down from tax relieved pension products. The current limit is € 2,000,000. If, on retirement your overall pension benefits exceed this amount, a higher rate of tax is charged on the excess.

STATE ENTITLEMENTS

At present, subject to you meeting certain qualifying conditions, you will be entitled to a State Pension in addition to the pension benefits from the Scheme.

The Social Welfare and Pensions Act 2011 made a number of changes to the qualifying age for State pensions. With effect from 1 January 2014 the State pension is payable from age 66 but the minimum qualifying State pension age may rise in the future.

An additional supplement in respect of your dependants, may also be payable, further details regarding this and other Social Welfare benefits are to be found at www.welfare.ie.

ASSIGNMENT OF BENEFITS

You may not use your Scheme benefits as security for a loan nor may you assign them to a third party.

TAXATION

Under current tax legislation on retirement, pension payments are treated as earnings for tax purposes and are, therefore, subject to tax and other statutory deductions in the same way as salary payments.

Lump sum death benefits are normally free of income tax up to the applicable Revenue limits. Your contributions to the Scheme qualify for PAYE income tax relief subject to the Revenue Limits.

Subject to limits set by the Revenue Commissioners lump sums on retirement of up to €200,000 can currently be paid tax free. Lump sums of between €200,000 and €500,000 are currently taxed at the standard rate of income tax (currently 20%). Lump sums in excess of €500,000 are currently taxed at your marginal rate of income tax and are subject to the Universal Social Charge. These are lifetime limits which are inclusive of any retained benefits you may be entitled to.

RELEVANT LEGISLATION

The Scheme has been established under the Invesco Master Trust which has been approved by the Revenue Commissioners as an exempt approved schemed under Chapter 1 of Part 20 of the Taxes Consolidation act, 1997. The Invesco Master Trust is a defined contribution scheme for the purposes of the Pensions Act, 1990 (as amended) and is registered with the Pensions Authority under registration number 308417. The Invesco Master Trust is established under irrevocable trusts and the assets are entirely separate from those of the companies that have established schemes under the trust.

Your retirement and death benefits could be subject to a Pension Adjustment Order in the event of judicial separation, divorce or dissolution in the case of civil partnership or qualified co-habitants. Further information about the operation and impact of the Pension Adjustment Orders may be obtained from the Pensions Authority.

terms explained

AVCS
means Additional Voluntary Contributions.

ANNUITY
An annuity is a life assurance product which, beginning at your retirement, pays you a guaranteed income (i.e. a pension) for the rest of your life.

BENEFICIARIES
include the following
- Dependants (see below)
- your spouse (including former spouse), siblings and other relatives
- any person you have included in your Wishes Form
- any person entitled to a benefit under your Will or on intestacy
- your Civil Partner (including a former Civil Partner).

CIVIL PARTNER
means either of two persons of the same sex who are parties to a civil partnership which has been registered in Ireland or is recognised as a foreign civil partnership.

DEPENDANTS
include the following
- means your Child or Children (including non-marital children, step-children or legally adopted children) under the age of 18 years, and those over 18 and under 23 who are in full-time education or vocational training. There is no age limit if a child is physically or mentally incapacitated and unable to maintain him/herself as an independent adult.
- any person who, in the opinion of the Trustees, on the advice of the Company, is or was at the time of your retirement or death wholly or partly financially dependent or you.
- your spouse or Civil Partner.

.

ELIGIBLE EMPLOYEE
means an employee in service who is:
- resident in the Republic of Ireland; and
- ordinarily employed in Ireland or such other country as may be agreed by the Trustees subject to not prejudicing Approval and shall be deemed to include a director; and
- who is not accruing benefits under any other Retirement Benefits Scheme of the Company

terms explained (continued)

FINAL REMUNERATION

means the highest definition of earnings that the Revenue Commissioners have decided may be taken into account.

NORMAL RETIREMENT DATE

means your 65th birthday or any other date as the Company may specify and notify in writing.

OUTGOING WORKER

means any person who has been admitted to membership of the Scheme who leaves Service before Normal Retirement Date for any reason other than death or retirement without becoming entitled to a retirement benefit from the Scheme and

- who had been an active member of a pension scheme relating to their immediate previous employment in another EU Member State; or
- their next employment immediately after leaving Service is in another EU Member State

RETIREMENT ACCOUNT

means the accumulated value, taking into account investment returns/losses and any deductions in respect of fees, charges, taxes or levies, that the Trustees, the Member or the Scheme is liable for, of

- any contributions paid by the Company on your behalf towards retirement benefits
- any Employee and Additional Voluntary Contributions that you pay, and
- any amount transferred to the Scheme from a previous pension plan of which you were a member.

Any benefit that you may be entitled to from the Scheme will depend on the value of your Retirement Account at the time the benefit is payable.

SALARY

at any date means the basic annual rate of salary or wages of a Member excluding car allowance and special rewards but including such other emoluments as the Company shall decide and notify to the Member and the Trustees.

SERVICE

means service in the employment of the Company.

retirement benefits

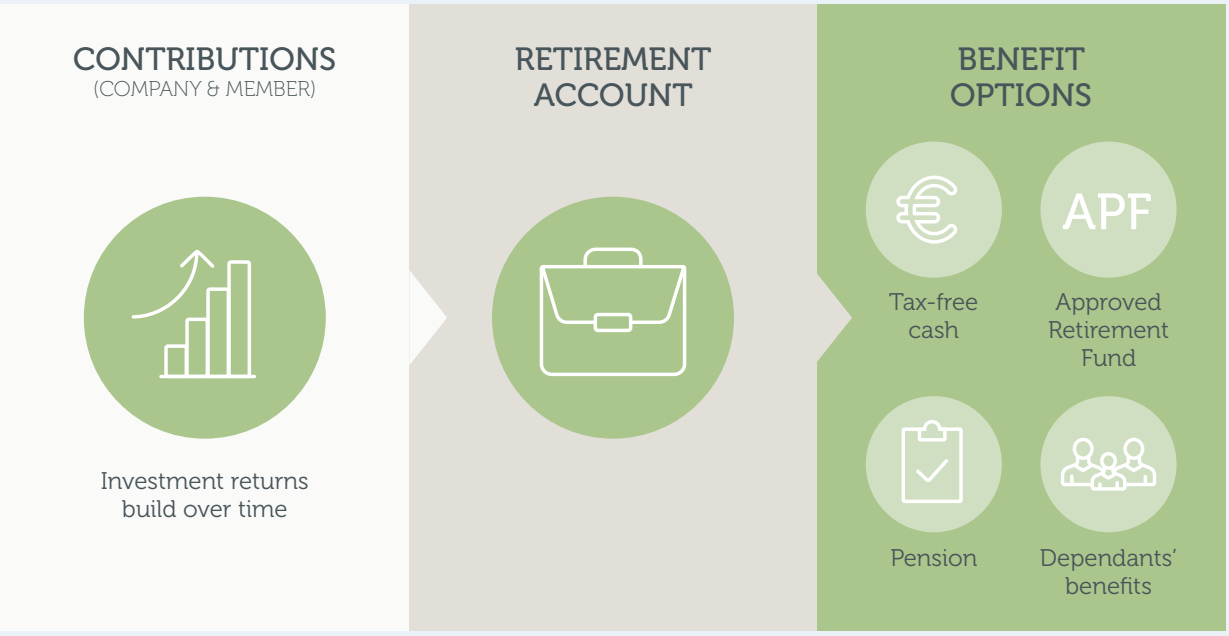
PENSIONS – A BETTER WAY TO SAVE

A pension scheme is simply a way of saving money to help provide a comfortable retirement. For the majority of us, it's regarded as the best way to save for life after work. The Company contributes to your Scheme, and you receive tax relief on your own contributions (if any), making the Scheme a very tax efficient way of saving for your retirement.

The Scheme is designed to be easy and hassle free – contributions are deducted through payroll, tax relief is given at source and if you don't feel like making investment decisions you can allow your contributions to be invested in the Scheme's default investment strategy.

HOW DOES THIS WORK?

Your scheme is a defined contribution scheme. This means that when you retire your benefits will be based on the accumulated value of your Retirement Account. Your Retirement Account is made up of the Company contributions made on your behalf and any contributions that you make/or any additional voluntary contributions that you make to the Scheme, together with any investment return.



IT'S YOUR RETIREMENT SCHEME. CHOOSE HOW MUCH OR HOW LITTLE INVOLVEMENT YOU WISH TO HAVE IN THE INVESTMENT DECISIONS.

3 SIMPLE STEPS

1 DECIDE ON YOUR CONTRIBUTIONS

Both you and the Company make regular contributions to your Retirement Account.

You can decide to make extra personal contributions known as Additional Voluntary Contributions.

2 GROW YOUR RETIREMENT ACCOUNT

The value at retirement will be determined by the contributions made and the investment growth achieved.

You can decide how much or how little involvement you wish to have in the investment decisions: Be My Guide or I'll Decide.

3 CHOOSE YOUR BENEFITS AT RETIREMENT

Benefits may be paid in a number of different ways, including a lump sum and / or recurring income. You do not have to make any decision about your benefits until you retire.

SO WHEN CAN I JOIN FOR RETIREMENT BENEFITS?

All Eligible Employees are eligible to become members of the Scheme. You will be included in the Scheme for death in service benefits and retirement benefits from the 1st of the month on or after the date you complete an application form and send it to the HR Department.

Please refer to the Terms Explained section at the back of this Member Guide for an explanation of "Eligible Employee".

HOW DO I APPLY?

Membership of the Scheme is not a condition of employment. To formalise your membership of the Scheme you must complete an Application Form. The Application Form will be emailed to you by your HR Contact once you are eligible to join the Scheme for retirement benefits.

retirement benefits (continued)

CAN I OPT OUT?

As membership of the Scheme is not a condition of your employment you may choose to opt out of the Scheme for retirement benefits if you wish. However, as membership of the Scheme for retirement benefits is an important part of your benefits package you should consider the following before opting out of the Scheme for retirement benefits.

- Make sure you fully understand how the Scheme works and the benefits available to you at retirement as a member;
- Consider talking to a financial advisor;
- If you wish to opt out of the Scheme for retirement benefits please note that you will continue to be covered for death in Service benefits as set out later in this guide. However, your retirement benefits will be affected as no Company or employee contributions will be paid. If you still wish to opt out, please complete the Waiver Form and send it to your HR Contact.
- Whatever you do, don't rush into anything.

THE SCHEME RULES

This guide provides a summary of your benefit entitlements as a member of the Cadence Design Systems (Ireland) Pension Plan(referred to as 'the Scheme').

Other more formal documents, such as the Trust Deed and Rules and insurance policies, are the legal basis for your benefits and these can be viewed by giving reasonable notice to Invesco, the Scheme consultant. If there is a difference between this Member Guide and the provisions of the Trust Deed and Rules or any policy documents, then the Trust Deed and Rules will apply.

You should familiarise yourself with the main provisions of the Scheme and keep this Member Guide in a safe place for future reference. If you have any queries about your benefits, or need clarification on any point, please contact your HR Contact.

contributions to your scheme

HOW MUCH DO I CONTRIBUTE TO MY RETIREMENT ACCOUNT?

You can set you own contribution level – from a minimum of 3% to a maximum of 6% of your Salary. That makes things flexible but remember, the more you contribute to your Retirement Account then the more the Company will contribute on your behalf. The Company may vary the rates at which members contribute to the Scheme. Members will be notified if this happens.

HOW MUCH DOES THE COMPANY CONTRIBUTE TO MY RETIREMENT ACCOUNT?

The Company will make an annual contribution to your Retirement Account. This is subject to an overall maximum Company contribution of 10% of your Salary. The Company may vary the rates at which it contributes to the Scheme. Members will be notified if this happens.

In addition, the Company pays the full cost of the insured Death in Service benefits.

YOUR CONTRIBUTION (% OF SALARY)	COMPANY CONTRIBUTION (% OF SALARY)	TOTAL CONTRIBUTION TO YOUR RETIREMENT ACCOUNT (% OF SALARY)
3%	3%	6%
4%	6%	10%
5%	8%	13%
6%	10%	16%

WHAT ABOUT TAX RELIEF?

Subject to current tax legislation, any contribution you make will be eligible for full tax relief at your marginal income tax rate. As your contributions will be deducted directly from your pay before tax, tax relief will be automatic.

additional voluntary contributions (AVCs)

You may increase your Retirement Account by paying Additional Voluntary Contributions (referred to as "AVCs"). On retirement you may take all or part of your AVCs as a tax free lump sum (up to the Revenue maximum, which is inclusive of the tax free cash sum you may decide to take under the Scheme). Any AVCs not used to maximise your tax free lump sum may be used to purchase an additional pension, or to invest in an Approved Retirement Fund.

Under current tax legislation the maximum contribution rate – including both AVCs and ordinary employee contributions – on which you can receive tax relief is determined by your age as set out below:

Currently the net relevant earnings/remuneration on which tax relief can be claimed is €115,000.

AGE	MAXIMUM CONTRIBUTION (% OF TAXABLE EARNINGS)	MAXIMUM CONTRIBUTION (USING EARNINGS CAP OF €115,000)
Up to 30 years	15%	€17,250
30 to 39 years	20%	€23,000
40 to 49 years	25%	€28,750
50 to 54 years	30%	€34,500
55 to 59 years	35%	€40,250
60 years or over	40%	€46,000

These limits apply only to employee pension contributions. Company pension contributions can be paid in addition.

WHAT ARE THE MAIN ADVANTAGES OF MAKING AVCS?

The main advantages of making AVCs include:

- A tax-efficient long-term savings vehicle
- Tax relief on contributions, subject to Revenue limits
- Additional benefits at retirement

WHEN CAN I MAKE ADDITIONAL VOLUNTARY CONTRIBUTIONS?

All employees of the Company will have the option of making Additional Voluntary Contributions to the Scheme on joining the Company.

benefits at retirement

Your Scheme is designed to provide benefits to you when you retire. The options at retirement are explained in this section.

when can I retire?

In normal circumstances you will retire on your Normal Retirement Date.

With the Company's consent, you may retire early if you are over age 50, or at any time if you are in ill health (subject to satisfactory evidence of ill health). In exceptional circumstances you may, with the Company's consent defer taking your retirement benefits, if for example you remain in the Company's employment after your Normal Retirement Date.

BENEFIT OPTIONS ON RETIREMENT

On retirement, you can decide to use the accumulated value of your Retirement Account to provide one or more of the benefits set out below.

1. **A PERSONAL PENSION**
   This would be paid to you in monthly instalments and will continue for as long as you live. You have the option of purchasing a pension which may be either a fixed or increasing annual amount and which may be guaranteed to be payable for a minimum period not exceeding 10 years, irrespective of whether or not you survive for that period.

2. **RETIREMENT LUMP SUM**
   You have the option of taking a lump sum when you retire, which is tax free, subject to the limits set by the Revenue Commissioners. (Please refer to the General Information section of this guide for further information). The limit set by the Revenue Commissioners is inclusive of any retained benefits that you may be entitled to under another pension scheme, whether deferred or already in payment.

3. **A PENSION FOR YOUR SPOUSE/CIVIL PARTNER/DEPENDANT**
   In addition to a personal pension you can provide a pension for your spouse, Civil Partner or for another Dependant. This pension would normally commence immediately after your death and be paid for the lifetime of your spouse, Civil Partner or other Dependant.

4. **APPROVED RETIREMENT FUND (ARF) OPTIONS**
   On retirement, instead of buying a personal pension you may invest some or all of your Retirement Account in an Approved Retirement Fund (ARF for short) or in an Approved Minimum Retirement Fund (AMRF for short). An ARF or AMRF is an investment fund in which you can continue to invest your Retirement Account after retirement and from which you can draw an income during your retirement.

death in service benefits

As a member of the Scheme you are entitled to benefits if you die in service and the benefits are explained in this section.

WHEN DO I JOIN FOR DEATH IN SERVICE BENEFITS?

You will be included in the Scheme for death in service benefits from the 1st of the month on or after the date you complete an application form and send it to the HR Department.

WHAT BENEFIT IS PAYABLE ON DEATH IN SERVICE BEFORE NORMAL RETIREMENT DATE?

Cash Sum
If you die while working for the Company before your Normal Retirement Date, a cash sum is available to provide benefits for your beneficaries.

The amount available is equal to **4 times** your basic Salary on the date of your death
plus
the value of your **own contributions to the Scheme**

Spouse's/Civil Partner's/Qualifying Dependant's pension on death in Service prior to Normal Retirement Date

If you die before Normal Retirement Date while working for the Company and you were married or had a Civil Partner, and had notified the Company of your marriage or of your Civil Partner, or if you were not married or in a Civil Partnership and you had notified the Trustees of a Qualifying Dependant, an annual pension will be paid to your spouse/Civil Partner/Qualifying Dependant of 1/3rd of Salary as at the date of your death.

The spouse's/Civil Partner's/Qualifying Dependant's pension may be reduced in accordance with the requirements of the Insurers where there is an age difference between you and your spouse/Civil Partner/Qualifying Dependant.

death in service benefits (continued)

It is the responsibility of the Trustees to use the above amount to make provision for your Beneficiaries or to pay the amount to your estate. You can advise them of how you would wish the above amount to be paid by completing the Wishes Form available on request from your HR Contact. The Wishes form should then be returned to your HR Contact who will in turn pass it on to the Trustees for safekeeping. Though legally, your wishes are not binding on the Trustees, they will of course be strongly influenced by them.

INSURANCE

The sum of 4 times Salary (as applicable) set out above and the Spouse's / Civil Partner's / Qualifying Dependent's is fully insured with the Insurers. As this benefit is insured it is subject to underwriting conditions as more fully described below.

ARE THERE MEDICAL OR OTHER CONDITIONS APPLYING TO MEMBERSHIP?

You may be asked to undergo a medical examination before you join the scheme in respect of the insured death in service benefits or later on during your membership. If such an examination is required you will be advised of the details.

As the death benefits are provided under a policy of assurance with the insurers it may be necessary to restrict the amount of your death benefit on medical grounds and you will be notified if such a restriction applies in your case. Evidence of your date of birth may also be required.

WHAT BENEFITS ARE PAYABLE IF I DIE IN SERVICE AFTER NORMAL RETIREMENT DATE?

If, with the permission of the Company, you remain in Service after Normal Retirement Date you will be notified at that time of the benefits you will be entitled to if you die in Service.

TAX & REVENUE LIMITS

Death benefits paid in lump sum form are not subject to income tax but under current legislation benefits paid directly to a Beneficiary other than a spouse or Civil Partner may be liable to Inheritance Tax.

The amount that can be paid on death in Service as a lump sum is subject to a maximum imposed by the Revenue Commissioners. Currently this is 4 times Final Remuneration plus a refund of the value of member's contributions. Any amount in excess of this limit must be paid in pension form to Dependants.

Pensions for Dependants are also subject to maximum limits imposed by the Revenue commissioners. Currently any one of these pensions (or the aggregate of the pensions if more than one is payable) may not exceed the Revenue maximum pension that a member could have received if he had retired on ill health grounds.

investments

Contributions paid into your Retirement Account will be invested in funds chosen by you from a range of funds nominated by the Trustees. More information about your investment options can be found in the Investment Guide which is available on request from your HR Contact.

DISCLAIMER

While the Trustees and the Company have taken great care in the selection of the investment alternatives, they cannot accept responsibility for any loss that may happen as a result of poor performance of any fund. If the circumstances justify it, the Trustees may switch both existing assets and new contributions to a new fund or to a new investment manager operating similar funds. The trust deed and rules governing the Scheme include the usual provision that the Trustees are not liable for any loss that may be incurred due to poor investment returns as a result of the investments made by the trustees or as a result of investments made following directions from members.

CONTRIBUTIONS PAID INTO YOUR RETIREMENT ACCOUNT WILL BE INVESTED IN FUNDS CHOSEN BY YOU FROM A RANGE OF FUNDS NOMINATED BY THE TRUSTEES.

leaving service

As a member of the Scheme you will be entitled to benefits if you leave service before you retire. Your benefits on leaving Service are governed by the Rules of the Scheme and the preservation requirements of the Pensions Act 1990 (as amended). Your options on leaving will depend on whether or not you have more than 2 years' Qualifying Service.

QUALIFYING SERVICE	LESS THAN 2 YEARS		MORE THAN 2 YEARS	
OPTIONS	YOUR CONTRIBUTIONS	EMPLOYER CONTRIBUTIONS	YOUR CONTRIBUTIONS	EMPLOYER CONTRIBUTIONS
Transfer to new occupational pension scheme or another Revenue approved pension arrangement	Yes	No	Yes	Yes
Take a refund	Yes	No	No	No
Leave invested in the Scheme	No	No	Yes	Yes

Qualifying Service means service completed as a member who is included for retirement benefits:

- In the Scheme;
- In another Company pension scheme; or
- In another pension scheme of an employer other than the Company from which an amount has been transferred into the Scheme on your behalf.

It will exclude any service that you have been notified will not count towards retirement benefits.

what are my benefits?

WHEN CAN I TAKE A CASH REFUND?

Under the Pensions Act, 1990 you may only receive a refund of the value of your own contributions (if applicable) if you leave having completed less than 2 years' Qualifying Service. Tax is deducted from all refunds, currently at the rate of 20%.

TRANSFERS BY THE TRUSTEES

The Trustees may transfer your entitlement under the Scheme to another scheme of the Company, or to a Revenue approved policy or contract of assurance, without your consent in certain circumstances, for example where more than two years have elapsed since you left the employment of the Company and your entitlements are below a certain statutory limit. You will be notified if the Trustees intend to make such a transfer.

temporary absence

WHAT HAPPENS TO MY BENEFITS IF I AM TEMPORARILY ABSENT FROM SERVICE?

If you are on statutory minimum maternity leave (currently 26 weeks), or adoptive leave (currently 24 weeks), you will continue to be a member of the Scheme. If you are paid by the Company during this period then you will continue to contribute to the Scheme and the Company will continue to make contributions to the Scheme on your behalf. If you are not paid by the Company during this period then you will not be required to contribute to the Scheme and the Company will not be contributing on your behalf.

You will continue to be covered for death in Service benefits during this period of statutory leave, subject to the requirements and conditions of the insurer.

If you decide to take additional non-statutory maternity leave or adoptive leave (currently 16 weeks), you will continue to be a member of the Scheme. However, you will not be paid during this period and you will not be required to contribute to the Scheme and the Company will not be making contributions to the Scheme on your behalf. You will continue to be covered for death in Service benefits during this period of non-statutory maternity or adoptive leave, subject to the requirements and conditions of the insurer.

If you are on any other form of leave you should contact the Company for details of the effects of your leave on your membership of the Scheme.

IF YOU ARE ON STATUTORY MINIMUM MATERNITY LEAVE OR ADOPTIVE LEAVE YOU WILL CONTINUE TO BE A MEMBER OF THE SCHEME.

general

AMENDMENTS AND TERMINATION

The Company has reserved the right to stop contributing to the Scheme. This action would usually result in the Scheme being wound up by the Trustees and benefits being secured in accordance with the Scheme and the Pensions Act, 1990.

The Company, with the consent of the Trustees, may amend the Scheme at any time and there are no significant conditions on exercising the amendment power.

In accordance with the requirements of the Pensions Act, 1990 the Trustees will notify you in the event of the amendment or termination of the Scheme.

DISPUTE RESOLUTION PROCEDURE

The Trustees have established an Internal Disputes Resolution Procedure in accordance with the requirements of law for dealing with complaints and disputes. Under the terms of this procedure, if you are a beneficiary or prospective beneficiary under the Scheme and you have a complaint about financial loss caused by maladministration, or a dispute of fact or law in relation to any act done by or on behalf of the persons responsible for administering the Scheme, then you can make an application to the Trustees for a determination in relation to the complaint or dispute. The application can be given to your HR Contact who will pass it on to the Trustees. This application should include your name, date of birth, address, a statement of the nature of the complaint and a detailed explanation of why you are aggrieved. The Trustees may seek further information that they consider relevant.

The Trustees will consider the matter and issue a written determination. Depending on the nature and complexity of the matter under consideration, the Trustees may take up to but no longer than 3 months to issue their determination after all the necessary information has been received. A determination is not binding unless you so agree in writing.

If you are not satisfied with the determination, you can refer the complaint or dispute to the Financial Services and Pensions Ombudsman. There is an initial form that should be used and this can be obtained from The Office of the Financial Services and Pensions Ombudsman, 4th Floor, Lincoln House, Lincoln Place, Dublin 2, (01) 6766002 (**info@fspo.ie**). If at any time you require further information you can refer to an information booklet produced by the Office of the Financial Services and Pensions Ombudsman which is available at the address mentioned above.

general (continued)

STANDARD FUND THRESHOLD

There is a statutory limit on the capital value of pension benefits that any person can draw down from tax relieved pension products. The current limit is € 2,000,000. If, on retirement your overall pension benefits exceed this amount, a higher rate of tax is charged on the excess.

STATE ENTITLEMENTS

At present, subject to you meeting certain qualifying conditions, you will be entitled to a State Pension in addition to the pension benefits from the Scheme.

The Social Welfare and Pensions Act 2011 made a number of changes to the qualifying age for State pensions. With effect from 1 January 2014 the State pension is payable from age 66, and

- If you were born on or after 1 January 1955 the minimum qualifying State pension age will be 67
- If you were born on or after 1 January 1961 the minimum qualifying State pension age will be 68

An additional supplement in respect of your dependants, may also be payable, further details regarding this and other Social Welfare benefits are to be found at **www.welfare.ie**.

ASSIGNMENT OF BENEFITS

You may not use your Scheme benefits as security for a loan nor may you assign them to a third party.

TAXATION

Under current tax legislation on retirement, pension payments are treated as earnings for tax purposes and are, therefore, subject to tax and other statutory deductions in the same way as salary payments.

Lump sum death benefits are normally free of income tax up to the applicable Revenue limits.

Your contributions to the Scheme qualify for tax relief subject to the Revenue Limits.

Subject to limits set by the Revenue Commissioners lump sums on retirement of up to €200,000 can currently be paid tax free. Lump sums of between €200,000 and €500,000 are currently taxed at the standard rate of income tax (currently 20%). Lump sums in excess of €500,000 are currently taxed at your marginal rate of income tax and are subject to the Universal Social Charge. These are lifetime limits which are inclusive of any retained benefits you may be entitled to.

RELEVANT LEGISLATION

The Scheme is approved by the Revenue Commissioners as an exempt approved scheme under Chapter 1 of Part 20 of the Taxes Consolidation act, 1997 and the Scheme must at all times be operated in compliance with that legislation. The Scheme is established under irrevocable trusts and its assets are entirely separate from those to the Company. All benefits provided by the Scheme are funded. The Trustees have fully insured the death in Service benefits payable on the death of a member.

The Scheme must also comply with the requirements of the Pensions Act, 1990 (as amended). It has been registered with the Pensions Authority and is a defined contribution scheme for the purposes of the Pensions Act, 1990.

Your retirement and death benefits could be subject to a Pension Adjustment Order in the event of judicial separate, divorce or dissolution in the case of Civil Partnership and Certain rights and Obligations of Cohabitants Act 2010. Further information about the operation and impact of the Pension Adjustment Orders may be obtained from the Pensions Authority.

terms explained

AVCS

means Additional Voluntary Contributions.

ANNUITY

An annuity is a life assurance product which, beginning at your retirement, pays you a guaranteed income (i.e. a pension) for the rest of your life.

BENEFICIARIES

include the following

- dependants (see below)
- your spouse (including former spouse), siblings and other relatives
- any person you have included in your Wishes Form
- any person entitled to a benefit under your Will or on intestacy
- your Civil partner (including a former Civil partner).

CHILD/CHILDREN

means a child (including non-marital children, step-children, legally adopted children or children for whom you are the legal guardian) under the age of 18 years, or under 23 if in full-time education or vocational training.

CIVIL PARTNER

means either of two persons of the same sex who are parties to a civil partnership which has been registered in Ireland or is recognised as a foreign civil partnership.

COMMENCEMENT DATE

means 1 October 1997

DEPENDANTS

include the following

- means your Child or Children (including non-marital children, step-children or legally adopted children) under 18 years of age, and those over 18 and those under 21) who are in full-time education or vocational training
- any person who, in the opinion of the Trustees, on the advice of the Company, is or was at the time of your retirement or death wholly or partly financially dependent or you
- your spouse or Civil Partner.

terms explained (continued)

ELIGIBLE EMPLOYEE

means an employee who satisfies the following qualifications:

- he/she is resident in the Republic of Ireland; and
- he/she is not included in any other of the Employers' pension schemes, unless an Employer, in the case of any particular employee decided otherwise.

FINAL REMUNERATION

means the highest definition of earnings that the Revenue Commissioners have decided may be taken into account.

NORMAL RETIREMENT DATE

means your 65th birthday or any other date as the Company may specify and notify in writing.

QUALIFYING DEPEDANT

applies only to unmarried members and is an Adult Dependant notified to the Trustees and accepted by them as being eligible for a Qualifying Dependant's pension payable on your death in Service.

RETIREMENT ACCOUNT

means the accumulated value, taking into account investment returns/losses and any deductions in respect of fees, charges, taxes or levies, that the Trustees, the Member or the Scheme is liable for, of

- any contributions paid by the Company on your behalf towards retirement benefits
- any employee and Additional Voluntary Contributions that you pay, and
- any amount transferred to the Scheme from a previous pension plan of which you were a member.

Any benefit that you may be entitled to from the Scheme, other than the insured death in Service benefit, will depend on the value of your Retirement Account at the time the benefit is payable.

SALARY

means your basic pay and does not include any car allowance or any special rewards or any other payments you may receive from time to time (unless your employer advises you in writing that elements of your Salary is pensionable)

SCHEME REVIEW DATE

means 1 October in each year.

SERVICE

means service in the employment of the Company.
